**Title: Kerala's Leading One to One Tuition Platform.**

**Description:**

- One student. One Teacher.
- 100% Interactive classes for Class 1-10

## Section 2:

### Why do students need us?

(# represent with vector images)

- Fear of asking doubts.
- Each student has a unique pace of learning.
- Lack of fundamentals.
- Lack of individual attention in school.
- Ineffective learning methods

### Why do students come to us?

Our tutors are trained to understand the pain points of each student and adopt a teaching style with regards to the IQ and EQ of the student.

We believe that each student is unique and has to be given individual attention to bring out the best in each student.

## Section 3: Benefits of Online Tuition.

[#provide images, please provide something similar to

## Frequently Asked Questions

Are you struggling to score good grade points or pass a supplementary examination? ▾

At teacherInd, you get a personal tutor exclusively for each subject. All tutors are subject experts with exceptional academic performance in their B-tech and M-Tech endeavours. Feel free to ask any doubts. You will also get crash courses to ace your supplementary examinations upon request.

Are you struggling to get affordable tuitions? ▾

We do understand the financial situation of most B-Tech students. The expense of college fees, hostel fees, academics etc is a huge burden. Hence, we have calculated our Tuition fees based on considerate discussions with many students, parents and tutors, hence you will surely get the best tutor at the best fees for each subject.

Are you struggling with online tuition with so many students being taught at a time? ▲

Do you feel that online teachers lack the equipment to teach you well? ▲

And create a separate page for FAQ which contains FAQ of both B-Tech and schools students.
